

## BASE-LINE LASER PLATE PRODUCT SELECTOR

### Laser Direct™ Plates

Laser Direct™ 50000 series polyester laser plates provide a high quality and affordable computer-to-plate solution for small and medium size press rooms. Ideal for short runs and spot color printing, Laser Direct™ plates are directly imaged using a high-resolution, dry toner laser printer (the HP LaserJet 5000/5100 series printer is ideal). Laser Direct™ plates do not require any additional processing. Plate's award winning technology offers enhanced surface conductivity and improved handling properties to provide fast turnaround and excellent quality. Laser Direct™ plates can be imaged on either side, can print in excess of 10,000 impressions, and hold screens of 120 LPI or better.

Sheet Size in Inches	Sheets per package	Product Number	Weight per Case	Series
8-5/8 X 12	100	LASER-50000-100	3	50000
8-5/8 X 14	100	LASER-50005-100	4	50000
8-5/8 X 15	100	LASER-50007-100	4	50000
10 X 15	100	LASER-50010-100	4	50000
10 X 15-1/2	100	LASER-50015-100	4	50000
11 X 18	100	LASER-50020-100	5	50000
11 X 18-1/2	100	LASER-50025-100	5	50000
11-1/8 X 18-1/2	100	LASER-50021-100	5	50000
11-1/4 X 18-1/2	100	LASER-50022-100	5	50000
11-3/4 X 18-1/2	100	LASER-50062-100	6	50000
11-3/4 X 19-3/8	100	LASER-50065-100	6	50000
12 X 18	100	LASER-50030-100	6	50000
12 X 19-3/8	100	LASER-50031-100	6	50000
12 X 19-7/8	100	LASER-50034-100	6	50000
12-1/2 X 19-3/8	100	LASER-50063-100	7	50000
12-1/2 X 19-7/8	100	LASER-50064-100	7	50000
13 X 19-3/8	100	LASER-50035-100	7	50000
13 X 19-7/8	100	LASER-50036-100	7	50000

### Laser Direct™ Plate Reinforcing Strips

These 13" long aluminum reinforcing strips feature a pressure sensitive adhesive side. When applied to the edge of polyester laser plates, silver plates, or electrostatic plates, reinforcing strips eliminate flexing and tearing of the plate, and help maintain registration on press.

### Laser Direct™ Universal Fountain Solution

Fountain solution formulated for use with polyester laser plates is also compatible with silver-based and metal plates, which makes it an ideal multi-purpose fountain solution. It should always be diluted (32:1, water to solution) when wetting and running laser plates.

LASER-54103	Gallons - full case	4	Case	39
LASER-54103-B	Gallon - broken case	n/a	Gallon	10

### Laser Direct™ Plate Cleaner

This cleaner is specially formulated for polyester laser plates and is uniquely suited for cleaning plate surfaces and removing toner scatter that can cause tinting on press. Using Laser Direct™ Plate Cleaner is an easy, economical, and efficient way to get the best reproduction from dry toner imaged laser plates. Use full-strength with a soft, low-linting cotton pad or sponge.

LASER-520701	Quarts - full case	6	Case	14
LASER-520701-B	Quart - broken case	n/a	Quart	2.5

### Laser Direct™ Deletion Pen

Chisel point image remover is specially formulated for quick corrections of dry toner imaged polyester laser plates.
